Late Backup

To the Austin City Council:

We, Junious Woods III and Cheryl Woods, live at 7601 Barcelona Cove. We recently learned of Restrictive Covenant Amendment C14-72-015 (RCA) 1517 E. Anderson Lane. **We are against** the requested amendments. We do not want drive-in type cafes, auto repair garages, or new/used car selling lots along the Buttermilk Creek. There have already been enough live oaks removed along the creek. The additional noise generated from a drive-in type café is not desired. We do not want the noise or pollution that will result from an auto repair garages. We do not want the increased traffic as a result of a car selling lot. We have lived in this area almost twenty years. One of the things that attracted us to this cove was the quiet surroundings. We want to keep that serenity.

Please vote against C14-72-015 (RCA) 1517 E. Anderson Lane Restricted Covenant Amendment as it will result in more destruction of 100-year-old live oaks, more pollution of Buttermilk Creek, and increased environmental pollution from increased traffic on 183.

Sincerely,

Junious Wods III

Cheryl Woods
